ABOUT

Board-certified plastic surgeon dedicated toward aesthetic surgery, and non-surgical aesthetic treatments. My practice encompasses treatment of the face, breast, and body with advanced techniques. I am passionate about education because I believe it leads to informed decisions and better outcomes for patients. This is evident in the manner which we treat our patients, and actively include education within our practice through teaching of medical students, nurses, residents and other physicians. Additionally, I have developed close relationships within our field that have given me the opportunity to work with industry partners and colleagues on product development, implementation, innovation and education for other physicians, allied health providers, and students.

Over the years I have remained heavily involved with the Aesthetic Society through membership, committee involvement, speaking and teaching at our meetings, and serving in leadership roles including serving as Chair of the Product Development and Marketing Committee for 3 years 2018-2021, and currently as Vice Chair of Administrative Commission and Aesthetic Connect. I am passionate about aesthetic education, and I look forward to continued service and growth with our colleagues and staff members.

BOARD CERTIFICATION

American Board of Plastic Surgery, 2013-current
American Board of Surgery, 2009

EDUCATION

2020

Leadership Development Program

The Aesthetic Society
In-Person and Zoom Education on Leadership
January 2020 Las Vegas, NV continued via Zoom in Covid

- 2009-2011
University of Utah
Chief Resident
Division of Plastic and Reconstructive Surgery
Graduation June 30, 2011
- ASAPS Aesthetics Fellowship July 2011-December 2011
Fellowship Director- Daniel C. Mills II, MD
